

SPRING 2026 SERVICES

WE REQUIRE PAYMENT IN ADVANCE FOR SERVICE

COVER SERVICES

PRESHOCK PLUS (FOR MESH COVERS ONLY) \$185 + TAX

Recommended to aid in the prevention of algae growth and reduce cleanup time. Service includes 10 gallons of liquid chlorine, testing and balancing pH, and water agitation. Cover pumps will be removed to allow water levels to rise naturally. Muriatic acid billed separately, if needed.

REMOVE POOL COVER, STORE AT YOUR HOME \$186

The cover must be free of water and debris. Excessive water or debris will result in an additional charge of \$53 per quarter hour, if time permits. Cover cleaning is not included. Additional charges may apply for deck anchor repairs.

REMOVE POOL COVER, STORE AT GVPS \$398

Includes cover removal, off-site storage at Great Valley Pool Service, and return at closing. Cleaning not included.

REMOVE POOL COVER, STORE AT GVPS & CLEAN \$499

Same as above, plus while your cover is stored on GVPS premises, we will inspect the cover and clean it with a mild detergent to remove surface dirt, pollen, and bird droppings. If patching is necessary it will be done in later summer and billed separately. This service is only available with cover storage.

SUMMERIZE SERVICES

SUMMERIZE POOL \$323

Includes removal of winterizing plugs, reassembly of filter equipment (DE included), system startup, reinstallation of deck equipment, and heater test fire. If ignition does not occur, a separate service call may be required. Cleaning and chemicals are not included. Brushing may be performed as a courtesy if time permits. The homeowner is responsible for raising the water level halfway up the tile prior to opening. A \$97 return visit fee applies if water level is insufficient.

Priming of pool pump & cleaner booster pump included. Additional pumps (water features, jets) are \$59 per pump. Repairs billed at \$57 per quarter hour plus parts.

SUMMERIZE POOL WITH ATTACHED SPA \$390

Same as above, for pools with spas. If your pool & spa have separate systems add \$140.00

CHEMICAL KIT - HIGHLY RECOMMENDED

SPRING CHEMICAL KIT (includes tax) \$129.31

Recommended at opening and required for recurring maintenance customers. Chemical kit is compatible with salt and bromine pools.

Kit treats up to 25,000 gallons. Includes: Shock Algicide, Stain & Scale, and Pool Magic. This kit provides initial dose of maintenance chemicals, however, it does not balance water. In most cases additional shock treatment and balancing chemicals are needed. We suggest you balance your water 48 hrs. after opening if you are not ordering a Spring Cleanup service. Bring a sample in store for computerized testing and recommendations.

SPRING SERVICES

Please allow up to 2 weeks after opening for completion of cleaning when planning a special event with your pool.

SPRING CLEANUP (1ST HR. & MIN. CHARGE) \$224 \$53 PER QUARTER HOUR THEREAFTER

Required for all recurring maintenance customers. Vacuuming may not be performed on the day of opening. Complete swimming pool cleanup includes vacuuming, water balancing, and adjusting salt levels if necessary. Backwashing and recharging of the filter with DE are included.

Balancing chemicals and salt will be billed separately. Total additional cleanup time is billed at a rate of \$53 per quarter hour based on total time spent, not individual visits. If you have a pool cleaner, it will be installed upon completion of the cleanup process.

Additional cleanup time beyond the initial hour may be required over multiple visits before you can enjoy the use of your pool. Proper water chemistry is only attainable after continued cleaning, chemical sanitizing, and filtration. It is the customer's responsibility to contact our office to inquire about an up-to-date cost of the cleanup and/or stop the cleanup service. We will continue to return until cleanup is complete unless directed otherwise. Please be advised that the total cleanup cost could be several hundred dollars and can vary from year-to-year due to water and weather conditions upon opening.

RECURRING MAINTENANCE SERVICES

Services include manually vacuuming, brushing the walls, skimming the surface, emptying skimmer, cleaner & pump baskets, backwashing as needed, testing and balancing water, and a thorough review of filter equipment operation. Chemicals not included, except for deluxe service, which includes maintenance chemicals only. Additional charges apply to clean filter cartridges.

DELUXE \$241/week
WEEKLY \$152/week
CHEMICAL SERVICE ONLY (no vacuuming) \$124/week

BI-WEEKLY SERVICE NO LONGER OFFERED

PLEASE ALLOW UP TO 2 WEEKS FOR PROCESSING BEFORE FOLLOWING UP WITH OUR OFFICE ON YOUR ORDER STATUS. YOU WILL RECEIVE AN EMAIL WITH YOUR OPENING DATE ONCE YOUR ORDER HAS BEEN PROCESSED. WE WILL ALSO CONTACT YOU THE EVENING PRIOR TO YOUR SCHEDULED DATE TO CONFIRM AN AM OR PM ARRIVAL.

SCHEDULING

Spring openings are scheduled on a first-come, first-served basis.

Submit your order online at www.greatvalleypool.com

No orders will be taken over the phone. We make every effort to accommodate for requested weeks. We cannot assume responsibility for delays beyond our control, i.e. weather, impacts of COVID, etc.

TERMS AND CONDITIONS

- If time permits and we must clear water and/or debris from the pool cover, a fee of \$53 per quarter hour will be charged. We reserve the right to decline carrying pool covers up or down stairs, or placing them above ground level, if it places our technicians at risk of personal injury.
- Great Valley Pool Service reserves the right to charge a \$30 fee for appointments rescheduled without 48 business hours' notice or canceled and \$30 reschedule fee for any date changes once your order has been submitted. **All refunds are made by check.**
- Any additional repairs that need to be made to properly open your pool will be billed on a time and material basis at a cost of \$57 per quarter hour and are not included in the price of the opening. Any parts under \$250 needed for opening are deemed authorized unless specified otherwise in writing.
- Any service-related complaints must be reported to our office within 5 business days of the opening date, or you will be billed separate service charge of \$97 + 57 per ¼ hour.
- Due to rapidly changing economic conditions, we reserve the right to implement price increases for our products and services, including imposing fuel surcharges.

CUSTOMER'S RESPONSIBILITY PRIOR TO OUR ARRIVAL IS AS FOLLOWS:

- Water level must be half way up on the tile. The water can be raised underneath the cover.** An additional charge of \$97 will apply for a return visit due to low water level.
- Any equipment removed at winterize must be available the day of your summerize including ladders, handrails, return fittings, skimmer baskets, pool cleaner, and a bag for the cover.
- Please have water and electric available poolside on the scheduled date. We will need to have access to the electrical panel that controls the filtration system.
- Please ensure we have access to your pool if you have a locked gate.
- Installation of safety fence will be billed at \$199.

Great Valley Pool Service
Licensed PA Contractor
HIC#PA109798
www.greatvalleypool.com

- Deluxe Service*:** Services are scheduled for two weekly visits on Mondays/Thursdays or Tuesdays/Fridays. Includes maintenance chemicals only. Balancing chemicals, bromine, chlorine, mineral cartridges, specialty treatments are not included.
- Weekly Service*:** One visit per week, scheduled in accordance with route optimization program guidance.
- Chemical Service: One visit per week. Mondays & Tuesdays ONLY.**
- Includes testing and balancing. Chemicals and Vacuuming not included.**

Sorry, we no longer offer Bi-Weekly Service

Deluxe and weekly seasonal maintenance plans include the following services that will be performed as needed: Brush tile, brush walls, leaf rake, leaf vacuum, vacuum pool/spa, backwash filter, empty pump basket, empty cleaner bags, empty skimmer baskets, inspect equipment for proper operation, test and balance water chemistry. With the exception of chemicals, all materials necessary to perform the above services are furnished by Great Valley Pool Service (known as GVPS). Additional service visits may be needed and billed extra above the normal service fees (e.g., storms, severe algae problems, small animal removal, and debris removal caused by another company). Additional charges apply for cartridge cleaning.

1. Chemicals: With the exception of Deluxe service for maintenance chemicals (Stain & Scale, Algaecide, and Pool Total), all chemicals used will be billed to the customer. Chemicals are added at each service visit as needed either from the customer's or GVPS inventory.

2. Repairs: During the season you may experience mechanical problems with your pool equipment. We have a full staff of trained repair professionals who are available to diagnose and repair pool equipment problems. Any repairs needed under \$250 will be made without customer approval. Any repairs over \$250 will require verbal authorization with the technician. Any repairs over \$500 will require written or emailed customer authorization.

3. Access: We understand the priority of safety and the reasoning of locking pool gates. If possible, we request that you use combination locks. If a keyed lock must be used, the key must remain hidden on the property. GVPS will not be held responsible for the ownership of the keys.

4. Pools with auto covers: Our company will not be held responsible for damage to auto covers due to the opening and closing of the cover. All covers must have an automatic pump set up on top of the cover and plugged in. If no auto pump is present, we will provide one and it will be added to the service bill. If excessive water is on top of the cover, the service may not be completed that day. Any time spent pumping off cover will be billed per quarter hour. If the pool needs to be shocked the technician will leave the cover open in order for chlorine gases to vent. Covers can be closed after 24hrs.

5. Pets: We love dogs! For everyone's safety, and due to an increase in injuries to our team, customers are responsible for securing all pets during service. If dogs are not secured, service may be skipped or rescheduled if possible. We will do our best to keep all gates closed. During the season (June–August), service visits occur on the same day each time. Customers are responsible for any injuries to our technicians caused by pets.

6. Holidays: Any service that falls on Memorial Day, the 4th of July, and Labor Day will be rescheduled at our convenience to our service schedule. Any religious holidays that are deemed sacred, please feel free to request service visit to be rescheduled.

7. Event or Storm Clean-Up: Extra cleaning visits can be scheduled as needed at an additional charge. Clean-ups in excess of what is considered normal and customary may incur additional charges (i.e., wash-in, storm clean-ups etc.).

8. Water Level: It is the customer's responsibility to maintain the proper water level. GVPS will not fill pools during service visits and will not be held responsible for any damage to equipment due to a low water level.

9. Disclaimers: GVPS is not responsible for the performance of any chemicals it doesn't sell. Customers should be aware of normal deterioration of equipment that occurs over time due to water chemistry and weather. We are also not responsible for damages caused by customer's failure to properly maintain the pool equipment between service visits. (Emptying of baskets, water level, and adding chemicals)

10. Service/Billing Problems: If you are not completely satisfied with our service, please contact office immediately. We do not offer refunds or credits for problems that are brought to our attention at a later date, but we will make every effort to come out and correct any problems as soon as possible when you bring such issues to our attention. Any and all complaints must be reported by the customer within 24 hours of service to allow GVPS the opportunity to resolve issues that may arise.

11. Payment: Due upon completion of services for the month - GVPS will generate and send an invoice to you and automatically charge your credit card or withdraw the amount from the designated account via ACH for payment of services when billed. A valid account number for an ACH draft or a current credit card will be required to be kept on file and will be used for payment of all invoices. If payment is not received in a timely manner, service may be interrupted. Visa, MasterCard, and Discover are accepted. We no longer accept Amex.

Payment Method: Credit Card ACH - Check

Customer agrees to the terms and conditions contained in this agreement and authorizes GVPS to maintain payment information on file and bill service charges to the credit card or ACH account provided, in accordance with the provisions above. In the event the card is no longer usable, the customer agrees to provide a replacement card number at their earliest convenience. It is understood that this is an ongoing agreement to maintain your pool and/or spa at the frequency selected above. If at any time you wish to cancel or change service, written and/or email notification to GVPS is required, to the address at the top of this form or at sales@greatvalleypool.com, at least 48 hours prior to the scheduled service day. We are not responsible for charges incurred for services performed if cancellation is only received verbally. Restarting the service may incur a one-time cleaning fee to bring the pool back up to good standards. Due to rapidly changing economic conditions, we reserve the right to collect a fuel surcharge and/or implement a price increase with 7-day notice. All refunds are made by check only.
