Chemical Service: One visit per week. Mondays & Tuesdays ONLY. Includes testing and balancing. Chemicals and Vacuuming not included.

Sorry, we no longer offer Bi-Weekly Service

Deluxe and weekly seasonal maintenance plans include the following services that will be performed as needed: Brush Tile, Brush Walls, Leaf Rake, Leaf Vacuum, Vacuum Pool/Spa, Backwash Filter, Empty Pump Basket, Empty Cleaner Bags, Empty Skimmer Baskets, Inspect Equipment for Proper Operation, Test and balance water chemistry. With the exception of chemicals, all materials necessary to perform the above services are furnished by Great Valley Pool Service (known as GVPS). Additional service visits may be needed and billed extra above the normal service fees (e.g., storms, severe algae problems, small animal removal, and debris removal caused by another company). Additional charges apply for cartridge cleaning.

1. Chemicals: With the exception of Deluxe service for maintenance chemicals (Stain & Scale, Algicide and Pool Total), all chemicals used will be billed to the customer. Chemicals are added at each service visit as needed either from the customer's or GVPS inventory.

2. Repairs: During the season you may experience mechanical problems with your pool equipment. We have a full staff of trained repair professionals who are available to diagnose and repair pool equipment problems. Any repairs needed under \$250 will be made without customer approval. Any repairs over \$250 will require verbal authorization with the technician. Any repairs over \$500 will require written or emailed customer authorization.

3. Access: We understand the priority of safety and the reasoning of locking pool gates. If possible, we request that you use combination locks. If a keyed lock must be used, the key must remain hidden on the property. GVPS will not be held responsible for the ownership of keys.

4. Pools with auto covers: Our company will not be held responsible for damage to auto covers due to the opening and closing of the cover. All covers must have an automatic pump set up on top of the cover and plugged in. If no auto pump is present, we will provide one and it will be added to the service bill. If excessive water is on top of the cover, the service may not be completed that day. Any time spent pumping off cover will be billed per quarter hour. If pool needs to be shocked the technician will leave the cover open in order for chlorine gases to vent. Covers can be closed after 24 hrs.

5. It is the customer's responsibility to secure dogs during all scheduled recurring services. For the safety of employees, if dogs are not secured, we will be unable to complete the recurring service at that time and we will attempt to contact you. If we cannot reach you the technician will leave and it may be necessary to skip your service that week. Customers are liable for any injuries to our technicians caused by pets.

6. Holidays: Any service that falls on Memorial Day, the 4th of July, and Labor Day will be rescheduled at our convenience to our service schedule. Any religious holidays that are deemed sacred, please feel free to request service visit to be rescheduled.

7. Event or Storm Clean-up: Extra cleaning visits can be scheduled as needed at an additional charge. Clean-ups in excess of what is considered normal and customary may incur additional charges (i.e. wash- in, storm clean-ups etc.).

8. Water Level: It is the customer's responsibility to maintain the proper water level. GVPS will not fill pools during service visits and will not be held responsible for any damage to equipment due to a low water level.

9. Disclaimers: GVPS is not responsible for the performance of any chemicals it doesn't sell. Customers should be aware of normal deterioration of equipment that occurs over time due to water chemistry and weather. We are also not responsible for damages caused by the customer's failure to properly maintain the pool equipment between service visits. (Emptying of baskets, water level and adding chemicals.)

10. Service/Billing Problems: If you are not completely satisfied with our service **please contact our office immediately**. We do not offer refunds or credits for problems that are brought to our attention at a later date, but we will make every effort to come out and correct any problems as soon as possible when you bring such issues to our attention. Any and all complaints must be reported by the customer within 24 hours of the service to allow GVPS the opportunity to resolve issues that may arise.

11. Payment: Due upon completion of services for the month - GVPS will generate and send an invoice to you and automatically charge your credit card or withdraw the amount from the designated account via ACH for payment of services when billed. We will also send an itemized receipt via email, unless mail is requested. A valid account number for an ACH draft or a current credit card will be required to be kept on file and will be used for payment of all invoices. If payment is not received in a timely manner, service may be interrupted. Visa, MasterCard, and Discover are accepted. We no longer accept Amex.

Preferred payment method: Credit Card ACH-E Check

Customer agrees to the terms and conditions contained in this Agreement, and authorizes GVPS to maintain payment information on file and bill service charges to the credit card or ACH account provided in accordance with the provisions above. In the event the card is no longer usable, the customer agrees to provide a replacement card number at their earliest convenience. It is understood that this is an ongoing agreement to maintain your pool and/or spa at the frequency selected above. If at any time you wish to cancel or change service, written and/or email notification to GVPS is required to the address at the top of this form or at sales@greatvalleypool.com at least 48 hours prior to the scheduled service day. We are not responsible for charges incurred, for services performed if cancellation is only received verbally. Due to rapidly changing economic conditions, we reserve the right to collect a fuel surcharge and/or implement a price increase with 7 day notice. All refunds are made by check only.
